Note: Im doing local/domestic and international Cashapp Transfer.

Local transfers are instant and take only couple of hours but international transfers take 12 hours to 72 hours max.

We use hacked Cashapp accounts to transfer money into your accounts, this is best if you have a Cashapp account on fake info then you cant get track.

PayPal Trans:

I will only need your paypal email address.

For example if you ordered \$2000 transfer then i will send you \$2000 into 3 or 4 parts like

\$800+\$200+\$600+\$400 = \$2000

it is because i send a single transaction of \$2000 from a single account then it will show fishy to paypal agents

and they will block the transaction immediately and also there is transfers limits issue in many accounts.

-Available Paypal Accounts For Countries Mentioned Below  
(US/CA/UK/FR/GR/IN/RU/AU/BR/IT/ES)

1,600\$ Transfer = 250\$

Prepaid Cards (Visa - Mastercard - American Express) :-

These cards are not associated with a bank account or person and are therefore considered the safest cards to use. These cards costs are a little more expensive than cloned cards because we've already clearing a clone card and transferring money to a prepaid card. With this card you can enjoy all the possibilities of use (shopping in stores and withdrawals) along with peace of mind.

Got Pieces That Approves 100% In Any USA POS Minimum Oder 3 to 5 Dumps:
