MY RULE :

pay attention to the rules when buying my bank login

1 . The balance shown on the store is the balance when I check account

and when you buy the balance can change

if the balance when you buy is less than 30% of the balance shown on the store

eg: store balance is 1000\$ but when you buy it is less than 700\$

I will give u another account with low balance

and if the above balance is from 700\$ to 900\$ i will not change

2. at the time of your purchase, the balance is subject to change higher on the display store, maybe 1 or 2 or 3k and possibly more

then you benefit, that's natural, good luck
